

Sharing Knowledge to Create Healthier Communities

Dear Colleagues and Partners,

We have been busy meeting with many of you over the last several weeks to discuss exciting features and opportunities through Healthy Northeast Ohio. Your feedback from these conversations is very important to us as we continue to refine our strategic direction. It is our pleasure to serve all of our regional partners and provide access and resources related to population health data.

Healthy Northeast Ohio invites you to save the date for our first, virtual regional convening. This event will be held on Thursday June 24, from 9:00 a.m. to 10:30 a.m., and will allow for discussion surrounding community health improvement efforts across our seven-county region. Click [here](#) to register today. Please share this opportunity with others in your organization who may be interested. We hope to see you then!

Sincerely,  
The Healthy Northeast Ohio Team

Share. Connect. Learn

## SAVE THE DATE!

Engage with us for an opportunity to discuss community health improvement efforts across the region.

### REGIONAL CONVENING

Thursday June 24, 2021  
from 9:00 A.M.-10:30 A.M. ET

## COVID-19 Update

To support the work of the Greater Cleveland COVID-19 Rapid Response Fund, a Vaccine Readiness Resources web page is now available on Healthy Northeast Ohio. Vaccine ambassadors can visit this page for a variety of guides and resources, in addition to vaccine clinics available in the Greater Cleveland area. Click [here](#) to view the new toolkit.

## Site Updates

### ***Health Behavior Indicators***

Thirty-six new health behavior indicators from Claritas have been added to the web-based platform, available at the state, county, city, zip code, and census tract levels. The range of topics includes health care access, medical treatment, and digital access. To browse the complete list of new indicators, including level of availability, visit this [customized dashboard](#).

### ***Video Tutorials***

To improve website navigation and understanding, a series of video tutorials have been uploaded to the Healthy Northeast Ohio platform. This video series includes:

- [Website Overview Tutorial](#)
- [Tools & Resources Tutorial](#)
- [Creating Custom Dashboards Tutorial](#)
- [Specialty Dashboards Tutorial](#)
- [Creating Custom Reports Tutorial](#)

Click [here](#) to access the complete series of video tutorials.

### ***ACEs Dashboard***

Is your agency interested in exploring information about Adverse Childhood Experiences (ACEs)? The new [ACEs Dashboard](#) includes a variety of indicators, graphics, and resources to assist in your data search. To modify your search, simply select a location using the drop-down list.

**HEALTHY  
NORTHEAST  
OHIO**

Sharing Knowledge to Create Healthier Communities

**Adverse Childhood Experiences (ACEs)** are potentially traumatic events that occur in childhood, and may put children at risk for violence, chronic illness, mental illness, and substance abuse in adulthood. Safe and stable environments and relationships help to decrease ACEs among children and improve overall health outcomes.

### **County Health Rankings**

New 2021 County Health Rankings data is now available. The seven county-specific pages available on [Healthy Northeast Ohio](#) have been updated to reflect the new County Health Rankings and Roadmaps links.

### **Survey Results**

Thank you to everyone who participated in our partner feedback survey! The survey results collected will assist with driving our programmatic efforts for the remainder of this year. Here are some fast facts based on the feedback of survey participants.

#### **How have you used Healthy NEO data?**

**68.4%** Presentations reports and publications

**57.9%** Program planning purposes

**31.6%** Informing Policy

#### **What features on Healthy NEO have you used?**

**79.0%** Specialty Dashboards

**57.9%** Custom Reports and Dashboards

**26.3%** Resource Library Collections

## Resources

### **Mental Health**

Mental Health Month was celebrated in May, but it is important to bring awareness to mental health all year long. A recent article from Conduent highlights mental health and how it can be addressed at the community level through data-driven approaches and multi-sector partnerships. Click [here](#) for more information.

### **NOACA 2020 Air Quality Trends Report**

In March, the Northeast Ohio Areawide Coordinating Agency (NOACA) released the [2020 Air Quality Trends Report](#). This report provides air quality information for Ashtabula, Cuyahoga, Geauga, Lake, Lorain, Medina, Portage, and Summit counties. For indicators in the Healthy Northeast Ohio region related to air quality and respiratory health, click [here](#).
